

## Science

We will be investigating what materials would be the best for a Superhero costume and sort materials by their properties (linking to Maths).

## Computing

We will be creating comic strips using a computer.

[www.britishcouncil.org/en/games/comic-strip-maker](http://www.britishcouncil.org/en/games/comic-strip-maker) and using paint to explore Pop Art styles.

## Art & DT

In Art we will study two artists, Andy Warhol and Roy Lichtenstein. We will experiment with colour and texture and use create portraits in his style. In DT we will design and make our own 'Super Ted'.

## History

We will be learning about real life superheroes *Florence Nightingale* and *Mary Seacole*. We will use photos and maps to help us to compare and organise events into chronological order.

## English

We will be reading *Supertato*, By Sue Hendra and other superhero stories.

Through drama we will create new characters to help Supertato and write lists and labels to accompany our pictures.

## Superheroes

## What is your superpower?

## Maths

We will introduce 'Explore Maths' to the children.

Through this we will

Count read, write and order numbers to 10

Learn to name and describe 2D and 3D shapes

Represent and create our own repeating patterns

## PSHE

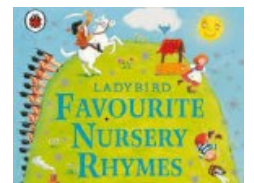

## Jigsaw

We will be discussing 'Being me in my world'

## Circle time

## Music

We will be following our Charanga scheme of work.

## PE

We will be going to the *Superheroes Training Academy* in Dance.

How many different groups and communities you belong to?

RE

me and my friends  
club  
cub scouts

my neigh  
c  
my famil

We will be discussing who we are and 'belonging'.
